

## CANOPY NATURE CLUB

### JUNE 5 –WORLD ENVIRONMENTAL DAY 2017

MES College Marmally celebrated the environment day this year by planting trees in the campus grounds. The members of nature club brought in different types of saplings and planted it with a vow to take care of the plant. The program was inaugurated by our Principal, Dr. A. Biju by planting a sapling.

### Karkitakakanji distribution

During the month of karkitakam (between july and august), our college prepares Karkitakakanji to be distributed among the students and staffs. This is prepared using a variety of herbs, which have been used as medicines from ancient times. This year, karkitakakanji distribution was done on July 26<sup>th</sup> by the membes of nature club. The kanji was then distributed to the students and staffs of the college.

## **Rainwater Pits**

During the month of September rainwater pits were dug in the campus which ensures the availability of water throughout the year.
