

MES COLLEGE MARAMPALLY

FORESTRY CLUB REPORT

2023 -2024

Installation of Earthen pots for Birds

The students of Forestry club of MES College on March 5th 2024, has hanged earthen water pots on trees in the campus to preserve the feathered beings of the earth from severe heat and hunger. The extreme temperature during summer made birds highly stressed and leads to risk of dying. The students of Forest club hung earthen pots filled with water in quiet and less disturbed areas of the college campus. The programme give a way for the students to care all living things as their fellow habitants and to acquire empathy and compassion. The event was nurtured with the valuable presence of Dr. Jasmine PM , Vice Principal , MES College, Marampally. Vice Principal on her talk emphasize the deep sense of responsibility of every individual towards the planet and the significance of conservation efforts. The event was coordinated by Miss Amrita Dinesh, Faculty incharge of Forestry club. The event was concluded by the vote of thanks of Nesvi of 3rd year BSc Biotechnology.
