

# **MES COLLEGE MARAMPALLY**

## **PARLIAMENTARY AFFAIRS CLUB**

### **ACTIVITY REPORT 2023-24**

The Parliamentary Affairs Club (PAC) of MES College Marampally, in collaboration with the NSS unit, has successfully conducted several impactful initiatives throughout the academic year 2023-24, focusing on civic engagement and global awareness.

One of the club's major endeavors was the organization of two voter awareness programmes in light of the upcoming Lok Sabha Elections. The first phase, held on December 6, 2023, featured a Voter ID Registration Campaign. This initiative saw a significant turnout of students who enthusiastically registered for voter IDs and enrolled in the electoral roll. The assistance provided by NSS volunteers and PAC members was instrumental in facilitating smooth registration processes for the students.

The second phase of the voter awareness programme, titled 'Mera Pehala Vote Desh Ke Liye', aimed at educating students about their voting rights and the electoral procedures. Mr. Sajeew Bhaskaran, Deputy Tahasildar from Taluk Office, Kunathunadu, led an informative session where he delivered a comprehensive presentation on the electoral process. He highlighted the procedures for enrolling in the electoral roll and conducted a live demonstration on the usage of voting machines, offering practical insights into the voting process. The active participation of students in this session, marked by insightful questions and discussions, underscored the significance of promoting voter awareness among the youth.

Another notable event organized by the PAC was a seminar on Human Rights Violations in Palestine, held in collaboration with the MES Ernakulam District Committee on October 19, 2023. The seminar aimed to shed light on the persistent denial of human rights in Palestine. Mr. Alexander Jacob IPS, Former D.G.P. of Prisons, delivered the keynote address, emphasizing the complexities of the Israel-Palestine conflict. He urged students to critically examine narratives surrounding the conflict and advocated for discernment amidst distorted information and sectarian divides. The seminar served as a crucial platform for dialogue, fostering understanding among students about global human rights issues and the importance of advocating for justice on an international scale.

In conclusion, the Parliamentary Affairs Club of MES College Marampally has demonstrated its commitment to fostering civic responsibility and global awareness among students through its diverse initiatives. The voter awareness programmes and the seminar on human rights violations in Palestine have not only educated students but also inspired them to actively engage in issues that shape our society and the world at large.

Samathidhanam Phase I

Seminar on Human Rights Violations in Palestine
